SPP

The SPP aims to raise \$3 million (before costs) and will enable all Tesoro shareholders (including retail shareholders) with registered addresses in Australia and New Zealand at 5.00pm (WST) on the Record Date of 26 October 2021 (**Eligible Shareholders**) the opportunity to apply for new Shares at an offer price of \$0.085 per Share (the same price as the Placement price). Eligible Shareholders will be offered the opportunity under the SPP to apply for up to \$30,000 worth of new Shares (subject to scale back at the Company's absolute discretion).

The SPP shares will be offered under a prospectus (the **SPP Prospectus**), so that Eligible Shareholders will be able to apply for the full \$30,000 worth of new Shares (subject to scale back at the Company's absolute discretion), even if they received Shares under the Company's Share Purchase Plan in December 2020/January 2021.

The Company intends to issue the SPP Shares pursuant to the Company's additional placement capacity under ASX Listing Rule 7.1A.

New Shares issued under the SPP will rank equally with Tesoro's existing Shares with effect from their issue. The offer price is free of brokerage and commission. The Board intends to cap the SPP at \$3 million, however the Board reserves the right to accept oversubscriptions (utilising available placement capacity under ASX Listing Rules 7.1 and 7.1A) or to scale back applications, to change the SPP closing date, including closing early, or cancel the SPP, in its absolute discretion.

The SPP Prospectus will also include a Shortfall Offer on the same terms as the SPP Offer which provides the Company with the ability to issue any shares not taken up under the SPP Offer up to the maximum available under the SPP Offer of \$3 million.

Participation in the SPP by Eligible Shareholders is entirely optional. The SPP is not underwritten.

The terms and conditions of the SPP will be set out in an SPP Prospectus that will be released on ASX and provided to Eligible Shareholders in accordance with the timetable.

About Tesoro Resources

Tesoro Resources Limited was established with a strategy of acquiring, exploring, and developing mining projects in the Coastal Cordillera region of Chile. The Coastal Cordillera region is host to multiple world class copper and gold mines, has well established infrastructure, service providers and an experienced mining workforce. Large areas of the Coastal Cordillera remain unexplored due to the unconsolidated nature of mining concession ownership, but Tesoro, via its in-country network and experience has been able secure rights to a district scale gold project in-line with the Company's strategy. Tesoro's 95% owned Chilean Subsidiary owns 85% of the El Zorro Gold Project.
